You will receive an email message from the system informing you that there has been an update to the bid. You can download the document from there.

Thanks,
Kathy

Yes that is helpful. Can you provide with the link where the answers will be posted or will you email them?

Donna

Yes we will be responding by Monday 8/15. I planned to collect all the questions by today and get them to the Program director by cob today so that they can work on the answers and return them to me by Monday. I planned to post the answers Monday evening.

Hope thid helps,

Thanks
Kathy

Hello Kathy, even though I sent these additional questions this morning, if you are unable to reply by 3:00 PM, does that mean you will not reply at all?

If the questions and answers are posted elsewhere, please provide me with the link.

Hi Kathy, as you suggested, I have continued to scrutinize the RFP looking for areas where I may have questions. So, I do need more clarification regarding some points in the RFP:

1. In the eRFP, section 2.1.12, it states an audited financial statement is required. However, the Mandatory Scored Questions form states that a copy of the most recent internal financial statement and a letter from their financial institution stating the offeror's financial stability is acceptable. We can only meet the requirement described on the mandatory scored questions by the bid deadline. Will this be acceptable?
2. In the Mandatory Scored Questions, Experience #2 and #3, our experience in managing communications, administering grants, gathering info for reporting, evaluating center qualifications, etc. has been for Life Resources of Georgia's own initiatives. We have been working with over 65 pregnancy centers for the last nine-plus years using these management skills to benefit the centers. How do I convey this info to provide an answer for #2? Would you want reference letters (#3) from three pregnancy centers validating our proficiency in these areas?
3. Are the Tax compliance form and the Certificate of Non-collusion part of the bid submission?

It was my understanding that you would be responding in writing by email to all the questions I have submitted. If this is a misconception on my part, please refer me to the link where you will be posting the question and the answers.

Again, we thank you for providing guidance through this process.

Donna
